

## **jUSTInter.net**

**jUSTImagine**....shorter lines, fewer phone calls, applications typed and already in your computer system **before** you have to work with them, money going directly to your bank account and receipts going directly to your customers without you ever having to touch it. E-Commerce, the facilitation of transactions between your city, county, municipality, town or village and the people you interact with (both up and down the line) is a reality today. Many of USTI's applications are currently web-enabled, and more are on the way.

First, **you need a Web Site**. Without it, there's no place for all these exciting things to take place. That's why **USTI** has developed a collection of products and services that we're calling our **jUSTInter.net** family. **jUSTInter.net** is the foundation upon which all of these opportunities to offer more convenience and cost savings to your constituents and customers, while at the same time, increasing your productivity and reducing costs, rests. Just like with our asyst software family, the **jUSTInter.net** family of products and services will grow over time. Below is what we are currently offering:

### **jUSTInter.net:Hometown**

*A Web Site Hosting Service in which USTI includes a set of tools that enable anyone in your office to add and change your web pages without any programming knowledge. Included with Hometown is one e-mail address that you can use for your Webmaster.*

**jUSTInter.net:Hometown** is only \$14.95/\$24.95CDN per month with a one time \$295/\$450CDN setup fee. The setup fee includes the setup by USTI of up to 20 web pages. The service includes the use of one of our domain names (CityGovt.org, CountyGovt.org, MunicipalGovt.org, TownGovt.org or Village-Govt.org), but we can register a custom domain name for you for only \$25/\$40CDN per year.

### **jUSTInter.net:Mail**

*Provide e-mail addresses to one or more employees and/or departments using your organization's domain name with this service. Getting the most out of Internet-enabled applications requires e-mail communication between constituents and your employees/departments. Here's a very inexpensive way to provide e-mail addresses to everyone.*

**jUSTInter.net:Mail** cost just \$1.00/\$1.50CDN per month per address.

### **jUSTInter.net:Search**

*This service adds site search capabilities to your jUSTInter.net web site. This allows people visiting your site to search for a word or phrase on your entire web site, including Adobe Acrobat (PDF) files that you have put on your site.*

**jUSTInter.net:Search** starts at just \$10.00/\$16.95CDN per month.

### **jUSTInter.net:Ads**

*This product acts as a local Internet advertising service that will allow your organization to host banner advertisements for local advertisers on your site and be paid for the advertising. USTI does the heavy lifting and you make enough profit on ads to pay for all your services.*

**jUSTInter.net:Ads** does not cost you anything. Advertisers will be billed \$4.95/\$7.95CDN per month directly from USTI and 40% of our collections are credited to your account.

As **USTI** continues to Web-enable its applications, many of the transactions you conduct over the telephone and in person will be conducted over the Internet, at times and places much more convenient to your constituents and at a lower cost to you. So get ready for the coming Communication Revolution. **Call about jUSTInter.net today!**
